Calculator Rental Agreement

I, ________________________________, (Grade ______) agree to rent a calculator from ________________________
(student name)
The Western High School Math Department according to the following conditions:

1. A rental fee of $25.00 is required for the school year. Please pay cash or money orders made payable
to Western High School.
2. Students are responsible for providing batteries for the calculator.
3. In the event that a calculator is lost/stolen/damaged:
   a. Students must pay the remaining cost of the replacing the calculator, $75.00. *Students not paying
      the replacement fee will be reported to the office and put on the obligation list. Graduation
      ceremony participation is affected by non-payment of obligations.
   b. When all fees are paid, the student will need to sign another rental agreement with the required
      rental fee OR purchase her own calculator.

Procedure for returning calculators:
Calculators will be needed for state and county testing and for final exams each semester. Calculators must be
returned before final exams but will be available for use during the assessments. The date for returning the
calculator at the end of the semester will be given to the student by the current math teacher and on school
wide announcements.

The calculator must the returned in the same condition as when it was issued. Bring the calculator to Mrs.
Britt’s room (room 229) on or before the last day of school. Calculators will be collected after school only. All
programs, etc. should be deleted.
